Professional Summary

Detail-oriented and creative Frontend Developer with hands-on experience in React.js, JavaScript, and modern frontend frameworks. Skilled in developing responsive web applications, integrating REST APIs, and optimizing UI for performance and user experience. Currently interning at Purity Technology Solutions, contributing to dashboard development, API integration, and interface optimization. Passionate about creating clean, user-friendly designs while continuously learning backend technologies such as Node.js and MongoDB.

Technical Skills

Frontend: React.js, Next.js, HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Bootstrap
Backend & Database: Node.js, MongoDB, Firebase
Tools & Platforms: Git, GitHub, Bitbucket, Jira, Postman, VS Code, Axios, Chrome DevTools
Other: UI/UX Design, Responsive Design, REST API Integration

Experience

Frontend Developer Intern | Purity Technology Solutions   Jul 2025 – Present

- Developed and maintained Super Admin Dashboard using React.js, implementing reusable components and responsive layouts.

- Integrated REST APIs using Axios, handling CRUD operations for multiple modules (Orders, Restaurants, AdminLogin, etc.).

- Built visually appealing UIs using Tailwind CSS and Bootstrap to enhance usability and maintain design consistency.

- Implemented Google Map API for location selection in restaurant management modules.

- Collaborated with developers via Jira for task tracking and Bitbucket for version control.

- Tested APIs using Postman and performed debugging to ensure application stability and reliability.

Projects

E-Commerce Platform | React.js, Firebase, Bootstrap

- Designed and developed a responsive e-commerce website featuring product listings, shopping cart, category filters, and secure checkout.

- Integrated Firebase for database and authentication management.

- Focused on smooth UI transitions and performance optimization.

Task Manager App | MERN Stack (React.js, Node.js, MongoDB, Express.js)

- Developed a task management application allowing users to create, update, and delete tasks with authentication features.

- Implemented RESTful APIs for CRUD operations using Node.js and MongoDB.

- Enhanced performance and user experience with responsive React components and Tailwind CSS.

Portfolio Website | React.js, Tailwind CSS

- Designed and built a personal portfolio site showcasing skills and projects.

- Used Tailwind CSS and React animations for dynamic visual effects and smooth navigation.

- Ensured responsiveness and accessibility across devices.

QuickServe (Team Project) | React.js, Firebase, Bootstrap

- Collaborated with a team to develop a food ordering web application.

- Contributed to UI development and Firebase integration for database and authentication.

- Ensured clean UI design and functionality for smooth user interactions.

Education

B.Tech in Information Technology - Dr. Babasaheb Ambedkar Technological University, Lonere
2021–2025 | CGPA: 7.4

12th (HSC) – Rotary English Medium School, Khed, Ratnagiri | 2021 | Percentage: 68%

10th (SSC) – Dnyandeep English Medium School, Khed, Ratnagiri | 2019 | Percentage: 71%

Certifications

- **Internshala** - Core Java, Python, Web Development

- **NxtWave** - Web Development, React.js, Node.js, Next.js, Data Structures & Algorithms

Soft Skills

Clean UI Design | Debugging | API Integration | Problem Solving | Adaptability | Collaboration | Time Management | Attention to Detail | Continuous Learning
